

AMSC Sets Second Quarter Reporting Date for November 2, 2010

Company to Host Conference Call at 10:00 a.m. ET on November 2

DEVENS, Mass., Oct 26, 2010 (BUSINESS WIRE) --

American Superconductor Corporation (NASDAQ: AMSC), a global power technologies company, announced today it will release its second quarter fiscal year 2010 financial results prior to the market opening on Tuesday, November 2, 2010. In conjunction with this announcement, AMSC management will participate in a conference call with investors beginning at 10:00 a.m. Eastern Time on November 2. On this call, management will discuss the dynamics in AMSC's core markets, recent orders and business initiatives, developments in superconductor power cable projects and opportunities as well as the company's results and its business outlook.

Those who wish to listen to the live conference call webcast should visit the "[Investors](#)" section of the company's website at www.amsc.com/investors. The live call also can be accessed by dialing 785-830-7990 and using conference ID 5168484. A telephonic playback of the call will be available from 1:00 p.m. ET on November 2 through 1:00 p.m. ET on November 7. Please call 719-457-0820 and refer to conference ID 5168484 to access the playback.

[About American Superconductor \(NASDAQ: AMSC\)](#)

AMSC offers an array of proprietary technologies and solutions spanning the electric power infrastructure - from generation to delivery to end use. The company is a leader in [renewable energy](#), providing proven, megawatt-scale wind turbine designs and electrical control systems. The company also offers a host of [Smart Grid](#) technologies for power grid operators that enhance the reliability, efficiency and capacity of the grid, and seamlessly integrate renewable energy sources into the power infrastructure. These include superconductor power cable systems, grid-level surge protectors and power electronics-based voltage stabilization systems. AMSC's technologies are protected by a broad and deep intellectual property portfolio consisting of hundreds of patents and licenses worldwide. More information is available at www.amsc.com.
