

AMSC to Present at Two Upcoming Financial Conferences

- Presentation from Raymond James Institutional Investors Conference to be Webcast on March 8

- Presentation from Jefferies Global Clean Technology Conference to be Webcast on March 17

DEVENS, Mass., Mar 02, 2010 (BUSINESS WIRE) -- American Superconductor Corporation (NASDAQ: AMSC), a global power technologies company, announced today that the company will be presenting at the following financial conferences:

- Raymond James 31st Annual Institutional Investors Conference in Orlando, Florida on Monday, March 8 at 2:50 p.m. ET
- Jefferies 9th Global Clean Technology Conference in New York City on Wednesday, March 17 at 9:30 a.m. ET

Founder and Chief Executive Officer Greg Yurek will discuss AMSC's growth drivers, business strategy and outlook at the conferences. Those interested in listening to the live or archived broadcasts via the Internet should log on to the "Investors" section of AMSC's website, <http://www.amsc.com>.

[About American Superconductor \(NASDAQ: AMSC\)](#)

AMSC offers an array of proprietary technologies and solutions spanning the electric power infrastructure - from generation to delivery to end use. The company is a leader in [renewable energy](#), providing proven, megawatt-scale wind turbine designs and electrical control systems. The company also offers a host of [Smart Grid](#) technologies for power grid operators that enhance the reliability, efficiency and capacity of the grid, and seamlessly integrate renewable energy sources into the power infrastructure. These include superconductor power cable systems, grid-level surge protectors and power electronics-based voltage stabilization systems. AMSC's technologies are protected by a broad and deep intellectual property portfolio consisting of hundreds of patents and licenses worldwide. More information is available at <http://www.amsc.com>.
