

AMSC to Present at Pacific Crest Technology Leadership Forum on August 10

Presentation to be Webcast Live at 12:30 p.m. Eastern Time

DEVENS, Mass., Aug 05, 2010 (BUSINESS WIRE) --

American Superconductor Corporation (NASDAQ: AMSC), a global power technologies company, announced today that the company will be presenting at the Pacific Crest Technology Leadership Forum in Vail, Colorado on Tuesday, August 10, 2010 at 10:30 a.m. MT (12:30 p.m. ET).

Senior Vice President and Chief Financial Officer David Henry will discuss AMSC's growth strategies and market opportunities at the conference. Those interested in listening to the live or archived broadcast via the Internet should log on to the "[Investors](#)" section of the AMSC website, www.amsc.com/investors.

[About American Superconductor \(NASDAQ: AMSC\)](#)

AMSC offers an array of proprietary technologies and solutions spanning the electric power infrastructure - from generation to delivery to end use. The company is a leader in [renewable energy](#), providing proven, megawatt-scale wind turbine designs and electrical control systems. The company also offers a host of [Smart Grid](#) technologies for power grid operators that enhance the reliability, efficiency and capacity of the grid, and seamlessly integrate renewable energy sources into the power infrastructure. These include superconductor power cable systems, grid-level surge protectors and power electronics-based voltage stabilization systems. AMSC's technologies are protected by a broad and deep intellectual property portfolio consisting of hundreds of patents and licenses worldwide. More information is available at www.amsc.com.
